DOCTOR DOCTOR!

Go on, ask anything!

BABY DOCTOR?

Dear Doctor,

If you regenerated into a baby what would you do?

Martha

THE DOCTOR REPLIES:

Great name, Martha! You share it with one of my best companions! It would be amazing to regenerate into a baby. They have the best time! But I'd need to update the TARDIS console so that I could reach the controls... and I'd have to make sure I had a playroom for lots of toys, games and things like that.

ASYLUM OF THE DALEKS

STRAX'S GUIDE TO... OOD!

Your Sontaran guide takes a look at his favourite alien!

The Ood seem to be a complete waste of space. They wander around, never fighting, and talking like they are about to fall asleep. Can they really be as useless as all that? It is time that I dive into my databanks to find out.

TALENT

Legend talks of Ood singing. But I've searched every Intergalactic radio station and never heard one of their records. I suspect it is all lies.

ORB

It is supposedly a telepathy ball which helps communicate. Why not just talk? Inefficient!

CLOTHING

Unlike superior Sontaran warrior protection, this looks like cloth. My people would be ashamed if we wore clothes that were comfortable!

PERSONALITY

The Ood serve like butlers, just like me. But these creatures have no interest in secretly protecting their masters, Cowards!

FRONDS

This looks a bit like Earth spaghetti. Called fronds, they shake about when the Ood is cross.

STRAX'S VERDICT!

I see no fighting efficiency in these creatures at all. Maybe their telepathic brains could be good in battle, but that light orb they carry would give them away. No match for Sontarans!
